Passage - 1

Few foods inspire devotion the way biryani does, carrying centuries of history, emotion, and flavour in every layered serving. Today, biryani consistently ranks among the most ordered dishes on global food delivery platforms, competing with pizza, burgers, and noodles across continents. Biryani's roots trace back to Persian influences brought to the Indian subcontinent centuries ago. The word itself is believed to come from the Persian birian, meaning "fried before cooking." When Mughal emperors arrived in India, they brought with them sophisticated culinary traditions that blended Central Asian techniques with local ingredients. Indian spices, regional rice varieties, and slow-cooking methods transformed what may have started as a simple preparation into something far richer and more complex. Over time, as royal cooks migrated or established regional courts, biryani travelled across India, evolving with every geography it touched.

Q.49) Which one of the following statements best reflects the most logical and rational inference that can be drawn from the passage?

a) Historical migrations reshaped local food cultures by bringing new ingredients and culinary traditions.
b) Indian biryani has made a place for itself on the global food menu.
c) Biryani is not only shaped by its ingredients but also by culture, emotion, and geography.
d) Originating from Persian cuisine, the technique of cooking biryani today has completely transformed.

बहुत कम व्यंजन ऐसे होते हैं जो बिरयानी की तरह लोगों में गहरा प्रेम और लगाव जगाते हैं, जहाँ हर परत में सदियों का इतिहास, भावनाएँ और स्वाद समाया होता है। आज, बिरयानी लगातार वैश्विक खाद्य डिलीवरी प्लेटफॉर्मों पर सबसे अधिक ऑर्डर किए जाने वाले व्यंजनों में से एक है, जो महाद्वीपों में पिज़्ज़ा, बर्गर और नूडल्स के साथ प्रतिस्पर्धा करती है। बिरयानी की जड़ें सदियों पहले भारतीय उपमहाद्वीप में लाई गई फारसी प्रभावों तक जाती हैं। इस शब्द की उत्पत्ति स्वयं फारसी शब्द "बिरियन" से मानी जाती है, जिसका अर्थ है "पकाने से पहले तला हुआ।" जब मुगल सम्राट भारत आए, तो वे अपने साथ परिष्कृत पाक परंपराएँ लेकर आए, जिन्होंने मध्य एशियाई तकनीकों को स्थानीय सामग्रियों के साथ मिश्रित किया। भारतीय मसालों, क्षेत्रीय चावल की किस्मों और धीमी आंच पर पकाने की विधियों ने एक साधारण व्यंजन को कहीं अधिक समृद्ध और जटिल व्यंजन में बदल दिया। समय के साथ, जब शाही बावर्ची विभिन्न क्षेत्रों में गए या क्षेत्रीय दरबार स्थापित हुए, तो बिरयानी पूरे भारत में फैलती गई और जिस-जिस भूभाग से गुज़री, उसके अनुरूप विकसित होती गई।

Q.49) निम्नलिखित में से कौन-सा कथन उस सबसे तर्कसंगत और विवेकपूर्ण निष्कर्ष को सर्वोत्तम रूप से प्रतिबिंबित करता है जो इस परिच्छेद से निकाला जा सकता है?

a) ऐतिहासिक प्रवासन ने नए सामग्री और पाक परंपराएँ लाकर स्थानीय खाद्य संस्कृतियों को पुनः आकार दिया।
b) भारतीय बिरयानी ने वैश्विक खाद्य मेनू में अपना स्थान बना लिया है।
c) बिरयानी केवल अपनी सामग्रियों से ही नहीं, बल्कि संस्कृति, भावना और भूगोल से भी आकार लेती है।

Passage - 2

The importance of adopting a "waste-to-wealth" approach lies in reimagining waste as a valuable resource rather than an economic burden or environmental liability. It necessitates a rethinking of material flows within the economy, emphasizing the recovery, reuse, and reintegration of value. The circular economy has emerged as the most comprehensive and scalable framework for enhancing resource efficiency across the full lifecycle of products and processes. At its core, circularity represents a systemic transformation in production and consumption patterns, aimed at minimizing the extraction of raw materials, water, and energy while eliminating waste at every stage. This approach is guided by the principles of the six Rs-Reduce, Reuse, Recycle, Refurbish, Recover, and Repair, ensuring that materials remain in productive use for extended periods. Therefore, embracing circularity is not merely an environmental choice, but a strategic imperative for sustainable development.

Q.50) Which one of the following statements best reflects the critical message conveyed by the passage?

a) A circular approach to resource management can significantly enhance resource use efficiency.
b) Sustainable production and consumption ensure the responsible use of environmental resources.
c) In a circular economy, waste is treated as a valuable resource.
d) Adopting a waste-to-wealth approach can significantly reduce waste generation.

"वेस्ट-टू-वेल्थ " दृष्टिकोण अपनाने का महत्व इस बात में निहित है कि अपशिष्ट को आर्थिक बोझ या पर्यावरणीय दायित्व के बजाय एक मूल्यवान संसाधन के रूप में पुनः कल्पित किया जाए। यह अर्थव्यवस्था के भीतर सामग्री प्रवाह के पुनर्विचार की आवश्यकता उत्पन्न करता है, जिसमें मूल्य की पुनर्प्राप्ति, पुनः उपयोग और पुनः एकीकरण पर बल दिया जाता है। चक्रीय अर्थव्यवस्था उत्पादों और प्रक्रियाओं के पूरे जीवन चक्र में संसाधन दक्षता बढ़ाने के लिए सबसे व्यापक और विस्तार योग्य ढांचे के रूप में उभरी है। मूल रूप से, चक्रीयता उत्पादन और उपभोग के तरीकों में एक व्यवस्थित परिवर्तन का प्रतिनिधित्व करती है, जिसका उद्देश्य कच्चे माल, पानी और ऊर्जा के निष्कर्षण को कम करना और हर चरण में अपशिष्ट को खत्म करना है। यह दृष्टिकोण छह आर (Six Rs) के सिद्धांतों द्वारा निर्देशित है- कम करना (रिड्यूस), पुनः उपयोग (रीयूज़), पुनर्चक्रण (रीसायकल), नवीनीकरण/मरम्मत कर सुधारना (रिफर्बिश), पुनर्प्राप्त करना (रिकवर) और मरम्मत करना (रिपेयर), जो यह सुनिश्चित करते हैं कि पदार्थ लंबे समय तक उत्पादक उपयोग में बने रहें। अतः, चक्रीयता को अपनाना केवल एक पर्यावरणीय विकल्प नहीं है, बल्कि सतत विकास के लिए एक रणनीतिक अनिवार्यता है।

Q.50) निम्नलिखित में से कौन-सा कथन उस महत्वपूर्ण संदेश को सर्वोत्तम रूप से प्रतिबिंबित करता है जो इस परिच्छेद में दिया गया है?

a) संसाधन प्रबंधन के प्रति एक चक्रीय दृष्टिकोण संसाधन उपयोग दक्षता को महत्वपूर्ण रूप से बढ़ा सकता है।
b) सतत उत्पादन और उपभोग पर्यावरणीय संसाधनों के जिम्मेदार उपयोग को सुनिश्चित करते हैं।
c) चक्रीय अर्थव्यवस्था में अपशिष्ट को एक मूल्यवान संसाधन के रूप में माना जाता है।

Q.1) Consider the following statements:
1. It is the Governor of the state who recognizes and declares any community of that state as a Scheduled Tribe.
2. A community declared as a Scheduled Tribe in a State need not be so in another State.
Which of the statements given above is/are correct?
a) 1 only
b) 2 only
c) Both 1 and 2
d) Neither 1 nor 2

Ans) b
Exp) Option b is the correct answer.
Statement 1 is incorrect. According to Article 342 of the Constitution of India, t**he President (not the Governor of the state) may,** with respect to any State or Union territory, after consultation with the Governor of the state, specify the community that is deemed to be scheduled tribes in relation to that state or Union Territory.
Statement 2 is correct. The Supreme Court of India has clarified through various judgements that a community declared as Scheduled Tribe in one state need not to be so in another State.

Q.2) With reference to the Constitution of India, consider the following:
I. Council of States
II. Legislative Council in case of a Bicameral Legislature in a State
III. Panchayats at all levels
In how many of the above, the reservation of seats for the Scheduled Castes and the Scheduled Tribes is constitutionally provided?
a) Only one
b) Only two
c) All the three
d) None

Ans) a
Exp) Option a is the correct answer.
The constitution provides for compulsory reservation of seats for Scheduled Castes and Scheduled Tribes in the **House of the People** under **Article 330** and in the **Legislative Assembly** of every State in proportion to their population in each State under **Article 332** in proportion to their population.
Options I and II are incorrect: No constitutional provision mandates reservation for Scheduled Castes and Scheduled Tribes in the Council of States **(Rajya Sabha) or Legislative Councils** of any State. Articles 330–334 cover only directly elected houses. Rajya Sabha and State Legislative Council members are elected indirectly by State Legislative Assembly members.
Option III is correct: Article 243D mandates reservation of seats for Scheduled Castes and Scheduled Tribes in every Panchayat. The seats are reserved in proportion to the population of these communities in the Panchayat area.

Q.3) In the context of Indian Polity, consider the following statements:
I. Altering the name of any existing State

II. Changing the quorum requirement in the Goods and Services Tax (GST) Council meetings.
III. Changing the composition of the electoral college that elects the President of India.
IV. Addition of Scheduled Areas in the Fifth Schedule of the Indian Constitution.
Which of the above shall **not** be deemed to be an Amendment of the Constitution for the purposes of Article 368?
a) I and IV only
b) I, II and IV
c) II and III only
d) I, III and IV

Ans) a
Exp) Option a is the correct answer.
A simple majority refers to a majority of **members present and voting**. Certain provisions of the Constitution can be amended by such a majority **outside the scope of Article 368 of the Constitution of India**.
Statement I is correct. Article 3 of the Indian Constitution discusses that Parliament may by law
(a) form a new State by separation of territory from any State or by uniting two or more States or parts of States or by uniting any territory to a part of any State;
(b) increase the area of any State;
(c) diminish the area of any State;
(d) alter the boundaries of any State;
(e) **alter the name of any State**
Further Article 4 reads, no such law as aforesaid shall be deemed to be an amendment of this Constitution for the purposes of Article 368
Therefore, altering the name of an existing State would not be deemed to be an amendment of the Indian Constitution.
Statement II is incorrect. The Goods and Services Tax Council is provided under **Article 279A**. It mentions that one-half of the total number of Members of the Goods and Services Tax Council shall constitute the quorum at its meetings. Any changes to this quorum would require a Constitutional Amendment.
Changes in the provision of Article 279A would require a constitutional amendment under Article 368. **Any amendment to the provision of Article 279A** requires **the majority of the total membership and a majority of not less than two-thirds of the members present and voting in each House of Parliament**. The amendment shall **also require ratification by the Legislatures of not less than one-half of the States** by resolutions to that effect passed by those Legislatures before the Bill making provision for such amendment is presented to the President for assent.
Thus, changing the quorum requirement in the Goods and Services Tax (GST) Council meetings would be deemed to be a Constitutional Amendment under Article 368.
Statement III is incorrect. As per Article 54 of the Indian Constitution, the President shall be elected by the members of an electoral college consisting of–
(a) the elected members of both Houses of Parliament; and
(b) the elected members of the Legislative Assemblies of the States.
Now, any changes to the electoral college would require a Constitutional Amendment of Article 54.
Provisions related to the election of the President (Articles 54 and 55) are part of the **federal framework** and any amendment requires a **special majority with state ratification** under Article 368.
Thus, changing the composition of the electoral college that elects the President of India would be deemed to be a Constitutional Amendment under Article 368.
Statement IV is correct. As per the fifth Schedule of the Indian Constitution, "Scheduled Areas" means such areas as the President may, by order, declare to be Scheduled Areas. The President may at any time by order alter the boundaries of scheduled areas, add new scheduled areas etc.
No such changes shall be deemed to be an amendment of this Constitution for the purposes of Article 368.

Q.4) The "Doctrine of Basic Structure," as evolved by the Supreme Court of India, primarily serves to promote which of the following?
a) Parliamentary Sovereignty
b) Judicial Supremacy
c) Constitutionalism
d) Rule by Law

Ans) c
Exp) Option c is the correct answer.
The **Basic Structure Doctrine**, evolved by the Supreme Court, acts as a limitation on Parliament's amending power under the Constitution. It ensures that certain **core features of the Constitution remain inviolable**, thereby preserving its identity and foundational values. The doctrine essentially reinforces the supremacy of the Constitution over all organs of the State and promotes constitutional governance.
Constitutionalism is the political philosophy that the power of the government should be limited by a fundamental set of laws. **The Doctrine of Basic Structure is the strongest tool for enforcing Constitutionalism in India.** By ruling that even a unanimous Parliament cannot amend certain "basic" features (like secularism, federalism, or the independence of the judiciary), the Supreme Court ensures that the government remains "limited" and cannot transition into an autocracy through amendments.

Q.5) Consider the following statements with reference to the National Commission for Minorities:
I. It is a statutory body.
II. All members of the Commission should belong to a recognised minority community.
III. A member of the Commission can be removed on the ground of being an undischarged insolvent.
Which of the statements given above is/are correct?
a) I and II
b) I and III
c) II and III
d) I only

Ans) b
Exp) Option b is the correct answer.
Statement I is correct: The **National Commission for Minorities** is a **statutory body established under the National Commission for Minorities Act, 1992.**
Statement II is incorrect: The Commission consists of the Chairperson, vice-chairperson and five members to be nominated by the Central Government from amongst persons of eminence, ability and integrity.
Not all members need to be from minority communities. The Act mandates only five members, including the chairman, to be from recognised minority communities. The term of office is **three years**.
Statement III is correct: The Act provides following grounds for removal of a member from the office if the person: **becomes an undischarged insolvent**.

- is convicted and sentenced to imprisonment for an offence involving moral turpitude.
- declared to be of unsound mind by a competent court.
- refuses to act or becomes incapable of performing their duties.
- absent from three consecutive meetings of the Commission without obtaining prior permission.

- have abused their position in a manner that is detrimental to the interests of minorities or the public interest.

Q.6) With reference to the Union Territory of Jammu and Kashmir, consider the following statements:
I. The Legislative Assembly of Jammu & Kashmir can legislate on all subjects in the State List except police, public order and land.
II. The Lieutenant Governor of Jammu & Kashmir may nominate two members to the Legislative Assembly to give representation to women.
III. Amongst the Union Territories, Jammu and Kashmir has the highest representation in the Council of States.
Which of the statements given above are correct?
a) I and II only
b) II and III only
c) I and III only
d) I, II and III

Ans) b
Exp) Option b is the correct answer.
The Union Territory of Jammu and Kashmir came into existence on 31-10-2019 in terms of Jammu and Kashmir Reorganisation Act 2019.
Statement I is incorrect: The Legislative Assembly of the Union Territory of Jammu & Kashmir has the power to make laws for the whole or any part of the Union Territory with respect to any of the matters enumerated in the State List except "Public Order" and "Police". Matters related to "Public Order" and "Police" are reserved for the Central Government, acting through the Lieutenant Governor. It has the power to make laws for subjects in the Concurrent List in the Seventh Schedule. **Unlike the UT of Delhi (where 'Land' is also a reserved subject), the J&K Legislative Assembly can legislate on matters related to "Land".**
Statement II is correct: Under the Jammu and Kashmir Reorganisation Act, 2019, the total number of seats fixed for the Legislative Assembly of the Union territory of Jammu and Kashmir is 107. But 24 seats fall in the Pakistan-occupied-Kashmir (PoK). These seats are vacant and are not to be taken into account for reckoning the total membership of the Assembly. **The Lieutenant Governor (LG) can nominate a total of five members to the Jammu and Kashmir Legislative Assembly. The Lieutenant Governor of the Union territory of Jammu and Kashmir may nominate two members to the Assembly to give representation to women, if in his opinion, women are not adequately represented in the Assembly.** The LG can nominate two members from the Kashmiri Migrant community. One member is nominated to represent displaced persons from Pakistan-occupied Jammu and Kashmir (PoJK).
Statement III is correct: Article 80 of the Constitution lays down the maximum strength of Council of States as 250, out of which 12 members are nominated by the President and 238 are representatives of the States and of the three Union Territories. **Amongst the Union Territories, Puducherry has 1 representative, Delhi has 3 and Jammu & Kashmir has 4 representatives.**

Q.7) With reference to the Gram Sabha under the 73rd Constitutional Amendment Act, 1992, consider the following statements:
I. The term 'Gram Sabha' is defined in the Constitution of India.
II. It functions as a permanent body.
III. It consists of all residents of the villages within the area of the Panchayat at the village level.
IV. The powers and functions of Gram Sabhas are determined by the Governor.
Which of the statements given above are correct?
a) I and II only
b) I, II and IV
c) II and IV only
d) I and III only

Ans) a
Exp) Option a is the correct answer.
The Gram Sabha is the foundation of the Panchayati Raj system in India. It acts as the primary body of "Direct Democracy" at the village level, where the electorate directly participates in the decision-making process.
Statement I is correct: **The Constitution of India explicitly defines the Gram Sabha.** The term 'Gram Sabha' is defined under Part IX of the Constitution. **Article 243 of the Constitution of India** states that "Gram Sabha" means a body consisting of persons registered in the electoral rolls relating to a village comprised within the area of Panchayat at the village level.
Statement II is correct: Gram Sabha is a permanent body as it is not subject to dissolution like elected bodies. Unlike the Gram Panchayat (the executive body), which has a fixed tenure of five years and can be dissolved, the Gram Sabha is never dissolved.
Statement III is incorrect: **The Gram Sabha does not consist of "all residents" of the village.** It consists only of those persons whose names are included in the electoral rolls (voter list) for the Panchayat at the village level. This means that residents who are minors (below 18 years) or those who are not registered as voters for any reason are not members of the Gram Sabha.
Statement IV is incorrect: **The Constitution provides that a Gram Sabha may exercise such powers and perform such functions at the village level as the Legislature of a State may, by law, provide.** The state legislature may endow the Panchayats with such powers and authority as may be necessary to enable them to function as institutions of self-government.

Q.8) As per the Constitution of India, in the Legislative Assembly of State X, seats shall be reserved for the autonomous districts instead of the Scheduled Tribes in the autonomous districts of State X. Identify State X?
a) Meghalaya
b) Mizoram
c) Assam
d) Nagaland

Ans) c
Exp) Option c is the correct answer.
The reservation of seats for Scheduled Tribes (STs) in the Legislative Assemblies of the North-Eastern states follows two distinct patterns based on **Article 332** of the Constitution. In the Legislative Assembly of Assam, seats are reserved specifically for the **Autonomous Districts** (tribal areas covered under the Sixth Schedule, like Karbi Anglong and Dima Hasao) and for the rest of the State separately. According to **Article 332(1)**, seats are reserved for STs in the Legislative Assembly of every State, but for Assam, the reservation is specifically carved out for the "**Autonomous**

Districts." Furthermore, a person who is not a member of an ST of an Autonomous District is not eligible for election from any constituency in that district.

Which of the statements given above is/are correct?
a) I only
b) II only
c) Both I and II
d) Neither I nor II

Ans) a
Exp) Option a is the correct answer
Statement I is correct: Article 243K explicitly vests in the **State Election Commission** the **superintendence, direction, and control of the preparation of electoral rolls and conduct of all elections to Panchayats**.
Article 243ZA explicitly vests in the **State Election Commission** the **superintendence, direction and control of the preparation of electoral rolls for, and the conduct of, all elections to the Municipalities.**
Statement II is incorrect: As per Article 243K, State Election Commission consists of a State Election Commissioner to be appointed by the Governor. So it is a 1 member body as per the Constitution. Q.10) Which of the following is correct about the Gaza Peace Plan recently adopted by the UN Security Council?
a) It envisages a Board of Peace chaired by the UN Secretary General.
b) It proposes permanent demilitarization of the region surrounding Gaza, monitored by the UN and NATO.
c) It proposes Gaza's reconstruction will be funded through an IMF-backed trust fund.
d) It proposes an International Stabilization Force (ISF) envisaged as a permanent internal security mechanism for Gaza.

Ans) d
Exp) Option d is the correct answer.
The Gaza Peace Plan, adopted by the United Nations Security Council, outlines a post-conflict governance, reconstruction, and security framework for the Gaza Strip.
Option a is incorrect. The plan envisages a **Board of Peace chaired by Donald Trump**, not by the UN Secretary-General.

Option b is incorrect. While the plan contains security provisions, it **does not propose permanent demilitarization monitored jointly by the UN and NATO**.

Option c is incorrect. Gaza's reconstruction will be funded through a World Bank-backed trust fund, along with a prisoner-hostage exchange involving both Hamas and Israel releasing prisoners and detainees.

Option d is correct. The plan proposes an **International Stabilization Force (ISF)** envisaged as a **permanent internal security mechanism for Gaza**. Its mandate includes preventing arms inflow, ensuring safe humanitarian movement, and maintaining stability necessary for reconstruction. While it may report to the Security Council, it is not under direct UN command.

b) Both Statement II and Statement III are correct but only one of them explains Statement I.
c) Only one of the Statements II and III is correct and that explains Statement I.
d) Neither Statement II nor Statement III is correct.

Ans) d

Exp) Option d is the correct answer.

Statement I is correct: Lord Ripon was the Viceroy of India from 1880–1884. He was the first to view local bodies not just as tools for administrative efficiency or tax collection, but as a means of political and popular education for

Indians. **Lord Ripon's Resolution of 1882 has been hailed as the 'Magna Carta' of local self-government. He is considered the Father of Local Self-Government in India.**

Statement II is incorrect: The Royal Commission on Decentralization was not established by Lord Ripon. It was appointed in 1907 during the tenure of Lord Minto II. This commission was formed to look into the financial and administrative relations between the Government of India and Provincial Governments, and it recommended the further development of local self-government nearly 25 years after Ripon's tenure.

Statement III is incorrect: The first Municipal Corporation was set-up in the former Presidency Town of Madras in 1688; and was followed by similar corporations in the then Bombay and Calcutta in 1726.

Which of the statements given above are correct?

a) I, II and III

b) I and II only

c) II and III only

d) I and III only

Ans) b

The Committee on Policy and Programmes was constituted in 1988 by the Congress party under the chairmanship of V.N. Gadgil. This committee was asked to consider the question of "how best Panchayati Raj institutions could be made effective".

Q.14) Consider the following statements:

Statement I: April 24 is celebrated as the National Panchayati Raj Day in India.

Statement II: The 73rd Constitutional Amendment Act, 1992, came into force on April 24th, 1993.

Which one of the following is correct in respect of the above statements?

a) Both Statement I and Statement II are correct and Statement II explains Statement I.

b) Both Statement I and Statement II are correct but Statement II does not explain Statement I.

c) Statement I is correct but Statement II is not correct.
d) Statement I is not correct but Statement II is correct.

Ans) a
Exp) Option a is the correct answer.
Statement I is correct: Every year, April 24 is celebrated as National Panchayati Raj Day (Rashtriya Panchayati Raj Diwas). The first National Panchayati Raj Day was celebrated in 2010. Since then, it has served as an occasion to recognize the work of Panchayats across the country through awards like the Nanaji Deshmukh Sarvottam Panchayat Satat Vikas Puraskar.
Statement II is correct: The 73rd Constitutional Amendment Act, 1992, which accorded constitutional status to the Panchayati Raj Institutions (PRIs), was passed by Parliament in 1992. The Act came into force on April 24, 1993. This date marks the operationalization of the amendment across the country.
The celebration of April 24 as National Panchayati Raj Day is linked to the enforcement of the 73rd Amendment on the same date. Statement II provides the reason for the celebration mentioned in Statement I. Therefore, Statement II is the explanation for Statement I.
Hence, **both Statement I and Statement II are correct and Statement II explains Statement I.**

Q.15) When an area (with respect to states mentioned in the Sixth Schedule) is included in the Sixth Schedule of the Constitution of India as an autonomous district, which of the following is/are the constitutional implications for that area?
I. The provisions of the Seventy-Third Constitutional Amendment Act, if applicable in the area, will cease to apply.
II. The area falls outside the executive authority of the concerned State Government.
Select the correct answer using the code given below:
a) I only
b) II only
c) Both I and II
d) Neither I nor II

Ans) a
Exp) Option a is the correct answer.
The Sixth Schedule of the Constitution of India provides a special administrative framework for tribal areas in the North-East. It currently applies to certain areas in the states of Assam Meghalaya, Tripura and Mizoram. These areas are organised into Autonomous Districts and Autonomous Regions.
Each autonomous district has a District Council (and sometimes Regional Councils).These councils are partly elected and partly nominated bodies. ADCs can make laws on specified subjects such as Land (including allotment and use) Forests (other than reserved forests) Shifting cultivation Village administration Inheritance, marriage, and social customs. However, such laws require the assent of the Governor to come into force. ADCs can constitute village courts to try certain civil and criminal cases involving tribal laws and customs. Councils can levy and collect certain taxes, such as on land, buildings, markets, etc. The Governor has wide discretionary powers, including:

- Modifying or suspending acts of Parliament or State Legislature in these areas
- Dissolving councils
- Assenting to laws made by councils

Statement I is correct: Paragraph 19 of the Sixth Schedule explicitly exempts tribal areas covered under it from the application of Part IX of the Constitution relating to Panchayati Raj institutions , which was inserted by the Seventy-Third Constitutional Amendment Act, 1992.

Statement II is incorrect: The State government's executive authority is **not completely excluded**. Instead, there is a **division of powers**: ADCs exercise autonomy over specified subjects but the State retains authority over other matters.

Statement II: Article 243B of the Constitution of India provides that states having a population not exceeding twenty lakhs may not constitute panchayats at intermediate levels.
Which one of the following is correct in respect of the above statements?
a) Both Statement I and Statement II are correct, and Statement II explains Statement I
b) Both Statement I and Statement II are correct, but Statement II does not explain Statement I
c) Statement I is correct but Statement II is incorrect
d) Statement I is incorrect but Statement II is correct

Ans) a
Exp) Option a is the correct answer.
Statement I is correct: At present, **States of Arunachal Pradesh, Goa, Sikkim** and Union Territories of Lakshadweep, Dadra & Nagar Haveli and Daman & Diu **have two-tier Panchayati Raj System** while the remaining States & Union Territories have three-tier Panchayati Raj System.
As per the 73rd Constitution Amendment one of the mandatory provisions was that the states had to revise their specific Panchayati acts. Arunachal Pradesh Legislature enacted Arunachal Pradesh Panchayati Raj Bill 1997. But due to a number of issues, the 1997 Act was amended and the Arunachal Pradesh Panchayati Raj (Amendment) Act, 2018 was enacted. As **per the amended act of 2018 the state shall have only a two-tier system at the Gram Panchayat and Zilla Parishad Levels.**
Statement II is correct: Article 243B under Part-IX of the Constitution of India provides that Panchayats at the village, intermediate and district levels shall be constituted in every State. However, the t**hree-tier system is not mandatory for all** - states with less than 20 lakh population are exempt. According to **Article 243B, panchayats at the intermediate level may not be constituted** in a State **having a population not exceeding twenty lakhs.**
Statement II explains Statement I: The Arunachal Pradesh Panchayati Raj (Amendment) Act, 2018 was done in the light of Article 243 (B) of the Constitution (Seventy Third) Amendment Act, 1992, which says that —Panchayats at the intermediate level may not be constituted in the state having a population not exceeding twenty lakhs.

Q.22) With reference to the Scheduled Areas under the Fifth Schedule of the Constitution of India, consider the following statements:
I. The President can increase the area of any Scheduled Area in a State after consultation with the Governor of that State
II. The Governor submits an annual report to the President regarding the administration of Scheduled Areas in the respective state.
III. The State Legislature may make regulations for the peace and good governance of the Scheduled areas located within the state.
IV. Jharkhand and Telangana have scheduled areas notified under the Fifth Schedule.
Which of the statements given above are correct?
a) I, II, and III
b) I, II, and IV
c) II, III, and IV
d) I, III, and IV

Ans) b
Exp) Option b is the correct answer.
The Fifth Schedule of the Constitution (Article 244(1)) deals with the administration and control of Scheduled Areas and Scheduled Tribes in any state other than the four North-Eastern states of Assam, Meghalaya, Tripura, and Mizoram (which are covered under the Sixth Schedule).
Statement I is correct: The President of India is empowered to declare an area as a Scheduled Area. **The President may at any time by order –**

- direct that the whole or any specified part of a Scheduled Area shall cease to be a Scheduled Area or a part of such an area.

- **increase the area of any Scheduled Area in a State after consultation with the Governor of that State**.
- alter, but only by way of rectification of boundaries, any Scheduled Area.

Statement II is correct: The Governor of each state having Scheduled Areas must annually, or whenever so required by the President, submit a report to the President regarding the administration of those areas. The executive power of the Centre extends to giving directions to the state as to the administration of the said areas based on these reports.

Statement III is incorrect: **The Governor (and not the state legislature)** in consultation with the Tribal Advisory Council if it exists, can make regulations for peace and governance in a Scheduled Area, including land transfers, land allotment, and money-lending. Q.23) Consider the following states of the Indian Union:
I. Himachal Pradesh
II. Manipur
III. Goa
IV. Tripura
How many of the above states were formerly administered as Union Territories before being granted full statehood?
a) Only one
b) Only two
c) Only three
d) All the four

Ans) d

Exp) Option d is the correct answer.

The political map of India has evolved significantly since 1950. Several current states began their journey as Part C states or Union Territories (UTs) before achieving full statehood.

Option I is correct: Himachal Pradesh was initially a Part C state, then became a **Union Territory in 1956**. It was granted full statehood on **January 25, 1971**, becoming the 18th state of the Union.

Option II is correct: Formerly a princely state, Manipur became a **Union Territory in 1956**. It attained full statehood on **January 21, 1972** (along with Tripura and Meghalaya) through the North-Eastern Areas (Reorganisation) Act, 1971.

Option III is correct: After being liberated from Portuguese rule in 1961, Goa (along with Daman and Diu) was administered as a **Union Territory**. Goa was granted full statehood on **May 30, 1987**, becoming the 25th state, while Daman and Diu remained a UT.

Option IV is correct: Like Manipur, Tripura was a princely state that became a **Union Territory in 1956**. It was granted full statehood on **January 21, 1972**.

Q.24) In the context of Local governance in India, consider the following statements:
I. The chairperson of a panchayat at the village level should be directly elected by the voters of the respective Gram Sabha.
II. In the event of premature dissolution of panchayats, elections must be held at the earliest date as set by the State Election Commission.
III. Any law relating to the delimitation of constituencies or the allotment of seats for the purpose of elections to the Panchayats at all levels can be subjected to limited judicial review.
Which of the statements given above is/are correct?
a) I and II
b) III only
c) II and III
d) I and III

Ans) b
Exp) Option b is the correct answer.
Statement I is incorrect: The **Constitution of India does not mandate that the chairperson of a Panchayat at the village level** (Sarpanch/Gram Panchayat President) **must be directly elected by the people.** Under **Article 243C,** the Constitution **leaves it to the discretion of the respective State Legislature** to decide, by law, whether the chairperson is elected directly or indirectly.

- The chairperson of panchayats at the intermediate and district levels are indirectly elected from amongst the elected members.

Statement II is incorrect: Article 243E of the Indian Constitution, inserted by the 73rd Constitutional Amendment Act 1992, mandates a **fixed five-year term for Panchayats** from the date of their first meeting. However, the **Panchayat may be dissolved earlier** on specific grounds in accordance with the state legislations. **In that case the elections must take place before the expiry of 6 months of the dissolution.**
Statement III is correct: Though, as per Article 243O of the Indian Constitution, the validity of any law relating to the delimitation of constituencies or the allotment of seats for the purpose of elections to the Panchayats at all levels shall not be called in question in any court.
But as per the Supreme Court, in Kishorchandra Chhanganlal Rathod v. Union of India has asserted that there is nothing that precludes them from checking the validity of orders passed by Delimitation Commission on the touchstone of the Constitution. If the order is found to be manifestly arbitrary and irreconcilable to the constitutional values, the Court can grant the appropriate remedy to rectify the situation. The same is applicable to the Delimitation order for Panchayats as well. **The Court has defined circumstances under which the order can be challenged, thus there is a limited judicial review.**

Q.26) With reference to the 73rd Constitutional Amendment Act (CAA), 1992 which of the following is/are compulsory or mandatory provisions that every state must follow?
I. Establishment of State Finance Commission.
II. Providing reservation of seats for Backward Classes (OBCs) in Panchayats at each level.
III. Devolving powers to Panchayats to prepare plans for economic development and social justice as per the Eleventh Schedule.
Select the correct answer using the code given below:
a) I, II and III
b) I and II only
c) I only
d) II and III only

Ans) c
Exp) Option c is the correct answer.
The **73rd Constitutional Amendment Act, 1992** institutionalised Panchayati Raj in India by introducing **Part IX of the Constitution**. It contains both **mandatory** provisions, which states must follow, and **voluntary provisions**, which states may adopt at their discretion.
Statement I is correct. The 73rd Constitutional Amendment Act, 1992 **makes it compulsory to establish a State Finance Commission** in every state every five years to review the financial position of the Gram Panchayats and to make recommendations on the distribution of resources to the Gram Panchayats.
Statement II is incorrect. Reservation for **SCs, STs, and women** is mandatory under Article 243D. However, **reservation for Backward Classes (OBCs)** is a **voluntary provision**, left to the discretion of the state legislatures.
Statement III is incorrect. Although the Eleventh Schedule lists 29 subjects, the **actual devolution of powers and functions to Panchayats is not mandatory**; it is a **voluntary provision**, left to the states.

Q.27) With reference to the 39th Constitutional Amendment Act, 1975, consider the following statements:
Statement I: The Supreme Court struck down certain provisions of this constitutional amendment as unconstitutional.
Statement II: Certain provisions of this constitutional amendment violated the basic structure of the Indian Constitution.
Statement III: Article 368 of the Indian Constitution only contains the procedure for amendment but does not grant the power to the Parliament to actually amend the Constitution.
Which one of the following is correct in respect of the above statements?
a) Both Statement II and Statement III are correct and both of them explain Statement I
b) Both Statement II and Statement III are correct but only one of them explains Statement I
c) Only one of the Statement II and Statement III is correct and that explains Statement I
d) Neither Statement II nor Statement III is correct

Ans) c
Exp) Option c is the correct answer.

The **Constitution (Thirty-Ninth Amendment) Act, 1975** was enacted during the Emergency with the objective of protecting certain high constitutional authorities from judicial scrutiny. However, it came under challenge before the Supreme Court in the landmark case of **Indira Nehru Gandhi v. Raj Narain (1975)**, where the Court tested its validity.

Statement I is correct. The Supreme Court struck down **Article 329A(4) and Article 329A(5)** inserted by the 39th Constitutional Amendment Act, 1975. The Amendment placed the election of the President, Vice President, Prime Minister, and Speaker beyond the jurisdiction of courts. This was done in anticipation of the Supreme Court's ruling in the appeal against the Allahabad High Court order disbarring the then Prime Minister from Parliament.

Statement II is correct: Judicial review, rule of law, and free and fair elections, in the Kesavanand Bharti judgement, were considered as part of the Basic Structure of the Indian Constitution. A Constitutional Amendment can be declared void if it violates the Basic Structure of the Indian Constitution.

Statement II explains Statement I: The primary objective of the **39th Constitutional Amendment** was to insulate the election of the executive head from judicial challenges. The Supreme Court, resorting to the theory of basic structure of the Constitution struck down Clause(4) of Article 329-A on the grounds that it was beyond the Parliament's amending power as it destroyed the basic structure of the Constitution.

Statement III is incorrect: In the Kesavananda Bharati judgement, it was held that Article 368 not only prescribes the procedure but also gives the power of amendment.

The Supreme Court, earlier **in Golaknath v. State of Punjab**, held that Article 368 only provides the procedure for amendment of the Indian Constitution and does not provide the amending power.

Q.28) With reference to the Provisions of the Panchayats (Extension to the Scheduled Areas) Act, 1996 (PESA), consider the following statements about the powers of the Gram Sabha in scheduled areas:

I. Gram Sabha has the ownership rights over Minor Forest Produce (MFP).

II. Gram Sabha shall be consulted before making the acquisition of land for development projects.

III. The prior recommendation of the Gram Sabha is mandatory to grant prospective license for any minerals.

IV. Gram Sabha will provide a certificate of utilisation of funds to the village Panchayats confirming that plan/programme funds were properly used.

Which of the statements given above are correct?

a) II and III only

b) I, II, and IV only

c) I and IV only

d) I, II, III, and IV

Ans) b

Exp) Option b is the correct answer.

The **Provisions of the Panchayats (Extension to the Scheduled Areas) Act, 1996 (PESA)**, extends the 73rd Constitutional Amendment to the **Fifth Schedule Areas** with certain modifications to protect the traditional customs and rights of tribal communities.

Statement I is correct: Under Section 4(m)(ii) of the PESA Act, the Gram Sabha or the Panchayats at the appropriate level are specifically endowed with the **ownership of Minor Forest Produce (MFP)**.

Statement II is correct: According to Section 4(i), the Gram Sabha or the Panchayats at the appropriate level **must be consulted** before making the acquisition of land in the Scheduled Areas for development projects and before resettling or rehabilitating persons affected by such projects.

Statement III is incorrect: The PESA Act distinguishes between "minor minerals" and "all minerals." Section 4(k) states that the recommendations of the Gram Sabha are mandatory for granting prospecting licenses or mining leases for **minor minerals** (like sand, gravel, etc.) in the Scheduled Areas.

Statement IV is correct: The village Panchayats must get a certificate of utilization of funds from the Gram Sabha confirming that plan/programme funds were properly utilized.

It conducts research, provides policy inputs, and organizes training programs for various stakeholders, including rural development functionaries, elected representatives of PRIs, and NGOs, to strengthen the rural transformation process.
Statement III is incorrect: The PESA Mahotsav is organized by the Ministry of Panchayati Raj, Government of India, to mark the anniversary of the Panchayats (Extension to Scheduled Areas) Act, 1996. The event celebrates tribal culture, self-governance, and traditions, typically held in December to strengthen awareness of the PESA Act.

Q.38) With reference to the Scheduled Castes and Scheduled Tribes (Prevention of Atrocities) Act, 1989, consider the following statements:
I. It mandates the establishment of an Exclusive Special Court in each block for the trial of offences under it.
II. Anticipatory Bail shall not be allowed to a person arrested on an accusation of having committed an offence under this Act.

Which of the statements given above is/are correct?
a) I only
b) II only
c) Both I and II
d) Neither I nor II

Ans) b
Exp) Option b is the correct answer.
Scheduled Castes and Scheduled Tribes (Prevention of Atrocities) Act, 1989 was enacted by Parliament under **Article 35** of the Constitution, which grants Parliament the exclusive power to make laws prescribing punishment for acts declared to be offences under Part III (Fundamental Rights). Prior to 1989, atrocities against SC/ST communities were dealt with under the general provisions of the Indian Penal Code, 1860 and the Protection of Civil Rights Act, 1955.
Statement I is incorrect: Under Section 14 of the Act, to ensure speedy trial, the State Government shall, with the concurrence of the Chief Justice of the High Court, establish an Exclusive Special Court for one or more Districts.
Thus, exclusive special courts are established at the district level and not at the block level.
Statement II is correct: Section 18 of the Act explicitly provides that the provisions of Section 438 of the Code of Criminal Procedure i.e. anticipatory bail (now Section 482 of BNSS) shall not apply to persons accused of committing offences under the Act. This was further reinforced by Section 18A (inserted by the 2018 Amendment), which clarified that:
I. No preliminary inquiry is required for registration of FIR, and
II. Anticipatory bail is barred notwithstanding any judgment or order of any court.
Knowledge Base: The Act was significantly strengthened by the **Scheduled Castes and Scheduled Tribes (Prevention of Atrocities) Amendment Act, 2015**, which added new offences (including garlanding with footwear, social boycott, and dedicated provisions on sexual crimes), mandated Exclusive Special Courts at the district level, and created the post of Exclusive Special Public Prosecutor.
A further amendment in **2018** was enacted in direct response to the Supreme Court's judgment in ***Subhash Kashinath Mahajan v. State of Maharashtra* (2018)**, which had introduced a preliminary inquiry requirement and diluted anticipatory bail restrictions. Parliament reversed those judicial modifications through the amendment, restoring the Act's original stringency.

Q.39) With reference to the "Cantonment Boards" in India, consider the following statements:
I. It consists of both elected and nominated members.
II. These are autonomous local bodies functioning under the administrative control of the Ministry of Defence.
III. They do not have the power to levy taxes and depend entirely on grants from the Central Government.
Which of the statements given above is/are correct?
a) I and II only
b) II and III only
c) I only
d) I, II and III

Ans) a
Exp) Option a is the correct answer.
A cantonment board is established for municipal administration for the civilian population in the cantonment area. It is set up under the provisions of the Cantonments Act of 2006–a legislation enacted by the Central government.

Statement I is correct: A cantonment board consists of partly elected and partly nominated members. The elected members hold office for a term of five years while the nominated members (i.e., ex-officio members) continue so long as they hold the office in that station. The military officer commanding the station is the ex-officio president of the board and presides over its meetings. The vice-president of the board is elected by the elected members from amongst themselves for a term of five years.

Statement II is correct: The Cantonment Boards are autonomous local bodies functioning under the administrative control of the Ministry of Defence and are governed by the provisions of the Cantonments Act, 2006. They are primarily meant for administration of areas with military establishments.

Statement III is incorrect: Cantonment Boards are not purely dependent on grants. They have the statutory authority to levy and collect taxes. Under the Cantonments Act, 2006, the respective Cantonment Boards are empowered to levy and collect local taxes within their jurisdictions. These include:

The **Thalweg Principle** is a doctrine of customary international boundary law under which the boundary between two states along a river or navigable watercourse is drawn through the **deepest navigable channel** (thalweg). Q.41) If a Particular area is brought under the Fifth Schedule of the Constitution of India, which one of the following statements best reflects the consequence of it?
a) This would prevent the transfer of land of tribal people to non-tribal people.
b) This would create a local self- governing body in that area.
c) This would convert that area into a Union Territory.
d) The State having such areas would be declared a Special Category State.

Ans) a
Exp) Option a is the correct answer.
Option a is correct. The Fifth Schedule of the Constitution **deals with the administration and control of Scheduled Areas as well as of Scheduled Tribes residing in any State other than the States of Assam, Meghalaya, Tripura and Mizoram**.

Governor can make regulations for the peace and good government of a scheduled area after consulting the tribes advisory council. Such regulations may prohibit or **restrict the transfer of land by tribal to non tribal members** or among members of the scheduled tribes, regulate the allotment of land to members of the scheduled tribes.

Option b is incorrect. According to the provisions of Paragraph 4, under Article 244(1) of Fifth Schedule of the Constitution of India, the Tribes Advisory Councils (TAC) **shall be established in each State having Scheduled Areas therein and, if the President so directs, also in any State having Scheduled Tribes but not Scheduled Areas.** Tribal advisory council is an advisory body, not a governing body.

Option c is incorrect. Bringing any particular area under the Fifth Schedule of the Constitution of India does not convert the area into a Union Territory.

Option d is incorrect. Bringing any particular area under the Fifth Schedule of the Constitution of India does not get declared as a Special Category State.

Q.42) Which of the following statements is/are correct with reference to the reservation of seats in Municipalities as per the 74th Constitutional Amendment Act, 1992?

I. The seats reserved for Scheduled Castes in every Municipality should not be less than fifteen percent of the total seats of that Municipality.

II. Not more than one-third of the total number of seats in every Municipality shall be reserved for women.

III. Under the current Constitutional framework, the provisions relating to reservation of seats for the Scheduled Castes in municipalities shall cease on the expiration of a period of eighty years from the commencement of the Constitution.

Select the correct answer using the code given below:

a) III only

b) II only

c) II and III

d) I and III

Ans) a

Exp) Option a is the correct answer.

Article 243T of the Constitution of India deals with the reservation of seats and offices in Municipalities to ensure representation for Scheduled Castes, Scheduled Tribes, and women.

Statement I is incorrect: Seats in every Municipality are reserved for Scheduled Castes (SCs) and Scheduled Tribes (STs). The number of seats so reserved, as nearly as may be, in the same proportion to the total number of seats to be filled by direct election in that Municipality as the population of the Scheduled Castes in the Municipal area or of the Scheduled Tribes in the Municipal area bears to the total population of that area and such seats may be allotted by rotation to different constituencies in a Municipality.

There **is no lower limit of a minimum of 15 percent reservation to Scheduled Castes in every municipality.**

Statement II is incorrect: In respect of women, the seats shall be reserved to the extent of **not less than one-thir**d of the of the total number of seats to be filled by direct election in every Municipality. This includes seats reserved for women belonging to SC/ST. These seats can also be rotated among different constituencies. **So there is a lower limit of one-third and not the upper limit.**

Statement III is correct: The reservation of seats for the Scheduled Caste and the Scheduled Tribe and the reservation of offices of Chairpersons for the Scheduled Caste and the Scheduled Tribe shall cease to have effect on the expiration of the period specified in Article 334.

Presently, as per Article 334, the reservation of seats for Scheduled Castes and Scheduled Tribes **shall cease to have effect on the expiration of a period of eighty years from the commencement of this Constitution.**

Q.43) Consider the following statements with respect to the Tribes Advisory Council (TAC):
I. It is a constitutional body.
II. The President can establish TAC only in states that have scheduled areas under the fifth schedule of the Indian Constitution.
Which of the statements given above is/are correct?
a) I only
b) II only
c) Both I and II
d) Neither I nor II

Ans) a
Exp) Option a is the correct answer.
Statement I is correct: The Tribes Advisory Council (TAC) is a specialized body established under the Fifth Schedule of the Constitution of India to advise on the welfare and advancement of Scheduled Tribes (STs) in states with notified Scheduled Areas. A similar council can also be established in a state having scheduled tribes but not scheduled areas therein, if the president so directs. **Hence, it is a constitutional body.**
Statement II is incorrect: The Tribes Advisory Council shall be established in each State having Scheduled Areas under the fifth Schedule of the Indian Constitution and, **if the President so directs, also in any State having Scheduled Tribes but not Scheduled Areas.**

Q.44) With reference to the recent Constitutional Amendments in India, consider the following pairs:

Amendment Act	**Key Provision**
I. 106th Constitutional Amendment Act, 2023	Reservation of seats for women in the House of the People and in the Legislative Assemblies of the States
II. 105th Constitutional Amendment Act, 2021	Restoring to the States their power to identify socially and educationally backward classes.
III. 104th Constitutional Amendment Act, 2019	Established the National Commission for Backward Classes

IV. 103rd Constitutional Amendment Act, 2019	Reservation up to 10% for Economically Weaker Sections (EWS) in education and employment among those groups that do not come under any community-based reservation.

How many of the above pairs are correctly matched?
a) Only one
b) Only two
c) Only three
d) All the four

Ans) c
Exp) Option c is the correct answer.
Pair I is correct: The **106th Constitutional Amendment Act, 2023** (also known as *Nari Shakti Vandan Adhiniyam*) provides for **33% reservation for women in the Lok Sabha and State Legislative Assemblies**, including within the existing SC/ST quotas. However, its implementation is linked to delimitation after the next Census.
Pair II is correct: The **105th Constitutional Amendment Act, 2021** restored the **power of States to identify and maintain their own list of Other Backward Classes (OBCs)**. This reversed the effect of the Supreme Court's judgment in the *Maratha reservation case* (2021), which had taken away this power from States.
Pair III is incorrect: The **104th Constitutional Amendment Act, 2019** extended the **reservation for SCs and STs in Lok Sabha and State Assemblies for another 10 years (till 2030)**. At the same time, it **abolished the nomination of Anglo-Indians** in Lok Sabha and State Assemblies.
The 102nd Constitution Amendment Act in 2018 provided constitutional status to the National Commission for Backward Classes by adding Article 338B to the Constitution. The five-member Commission was tasked with monitoring safeguards provided for socially and educationally backward classes, giving advice on their socio-economic development, inquiring into complaints and making recommendations, among other functions. Significantly, it was laid down that the Centre and the States shall consult the Commission on all policy matters concerning the SEBCs.
Pair IV is correct: The **Constitution (103rd Amendment) Act, 2019, provides a reservation up to 10% for Economically Weaker Sections (EWS) in education and employment among those groups that do not come under any community-based reservation.** The legislation marked a major change in the country's approach to reservation. From a form of affirmative action in which membership of a social group was the main basis for extending reservation, it moved towards using income and means as the basis for special provisions.

Q.45) Which of the following countries became the first South Asian nation to join the UN Water Convention (Convention on the Protection and Use of Transboundary Watercourses and International Lakes), a legally binding agreement on the sustainable management of shared water resources?
a) India
b) Bangladesh
c) Nepal
d) Sri Lanka

Ans) b
Exp) Option b is the correct answer.

The **UN Water Convention** is a legally binding international framework that promotes the **protection, sustainable use, and cooperative management of transboundary watercourses and international lakes**. **Bangladesh** became the **first country from South Asia** to accede to the Convention, marking a significant step toward strengthening regional cooperation on shared river systems, water governance, and climate-resilient water management.

Q.46) Consider the following, including the Question and the Statements:
There are 5 members, F, G, H, I, J in a family.
Question: What is the relation of F to J?
Statement-I: G and H are the only children of I.
Statement-II: F is the husband of G.
Statement-III: I is the paternal grandfather of J.
Statement-IV: J is a male.
Which one of the following is correct in respect of the above Question and Statements?
a) Statement-I, Statement-II and Statement-III are sufficient to answer the Question.
b) Statement-I, Statement-III and Statement-IV are sufficient to answer the Question.
c) All four statements together are sufficient to answer the Question.
d) All four statements are not sufficient to answer the Question.

Ans) a
Exp) Option a is the correct answer.
Statement-I says **G** and **H** are the only children of **I**.
Statement-III says **I** is the **paternal grandfather** of **J**, so **J's father** must be one of **I's children**.
Statement-II says **F** is the **husband of G**, so **G is female**.
Hence **G cannot be J's father**. Therefore, **H must be J's father**.
So **G** is **J's paternal aunt**, and since **F** is **G's husband**, **F is J's uncle**.
Thus **Statements I, II and III are sufficient**, and **Statement IV is not needed**.

Q.47) In a survey, 85 people read Forbes, 65 people read Time, and 20 people read both Forbes and Time. No one reading Vogue reads Forbes. Each person reads at least one magazine.
Question: How many people participated in the survey?
Statement-I: 30 persons read Time only.
Statement-II: The number of persons who read Vogue only is equal to the number of persons who read exactly two magazines.
Which one of the following is correct in respect of the above Question and the Statements?
a) The Question can be answered by using one of the Statements alone, but cannot be answered using the other Statement alone.
b) The Question can be answered by using either Statement alone.
c) The Question can be answered by using both the Statements together, but cannot be answered using either Statement alone.
d) The Question cannot be answered even by using both the Statements together.

Ans) c
Exp) Option c is the correct answer.
Since no one who reads **Vogue** reads **Forbes**, there is **no Forbes–Vogue overlap**, and hence no 3-magazine overlap.

Statement-I is not sufficient:
From Time readers,
65 = 30 + 20 + (T ∩ V)
So **T ∩ V = 15**.
But total = **130 + Vogue only**, and Vogue only is still unknown.
Statement-II is not sufficient:
Exactly two magazines = **(F ∩ T) + (T ∩ V) = 20 + (T ∩ V)**.
So **Vogue only = 20 + (T ∩ V)**.
But **T ∩ V** is unknown, so total cannot be found.
Both statements together are sufficient:
From Statement-I, **T ∩ V = 15**.
So from Statement-II, **Vogue only = 20 + 15 = 35**.
Hence total participants = **130 + 35 = 165**

Q.48) A question is given followed by two Statements I and II. Consider the Question and the Statements and mark the correct option.
Question: Is (u + w)(v – w) greater than (u – w)(v + w), where u, v and w are integers?
Statement-I: (v – u) is positive.
Statement-II: w is negative.
Which one of the following is correct in respect of the above Question and the Statements?
a) The Question can be answered by using one of the Statements alone, but cannot be answered using the other statement alone.
b) The Question can be answered by using either Statement alone.
c) The Question can be answered by using both the Statements together, but cannot be answered using either Statement alone.
d) The Question can be answered even without using any of the Statements.

Ans) c
Exp) Option c is the correct answer.
Expand:
$(u + w)(v - w) = uv - uw + vw - w^2$
$(u - w)(v + w) = uv + uw - vw - w^2$
So: Is $[uv - uw + vw - w^2 > uv + uw - vw - w^2]$
Cancel common terms,
Is $[-uw + vw > uw - vw]$
$2vw > 2uw$
$w(v - u) > 0$
Statement-I is not sufficient:
It gives **(v – u) > 0**, but does not know the sign of **w**.
Statement-II is not sufficient:
It gives **w < 0**, but does not know the sign of **(v – u)**.
Both statements together are sufficient:
From **(v – u) > 0** and **w < 0**,
$w(v - u) < 0$

Directions for the following 2 (two) items:
Read the following two passages and answer the items that follow the passages. Your answers to these items should be based on the passage only

Passage - 1

Few foods inspire devotion the way biryani does, carrying centuries of history, emotion, and flavour in every layered serving. Today, biryani consistently ranks among the most ordered dishes on global food delivery platforms, competing with pizza, burgers, and noodles across continents. Biryani's roots trace back to Persian influences brought to the Indian subcontinent centuries ago. The word itself is believed to come from the Persian birian, meaning "fried before cooking." When Mughal emperors arrived in India, they brought with them sophisticated culinary traditions that blended Central Asian techniques with local ingredients. Indian spices, regional rice varieties, and slow-cooking methods transformed what may have started as a simple preparation into something far richer and more complex. Over time, as royal cooks migrated or established regional courts, biryani travelled across India, evolving with every geography it touched.

Q.49) Which one of the following statements best reflects the most logical and rational inference that can be drawn from the passage?
a) Historical migrations reshaped local food cultures by bringing new ingredients and culinary traditions.
b) Indian biryani has made a place for itself on the global food menu.
c) Biryani is not only shaped by its ingredients but also by culture, emotion, and geography.
d) Originating from Persian cuisine, the technique of cooking biryani today has completely transformed.

Ans) c
Exp) Option c is the correct answer.
Statement a is incorrect. The statement does not best reflect the most logical and rational inference that can be drawn from the passage as **it is a general statement and does not refer to the specific context of the passage.**
Statement b is incorrect. While the passage states "biryani consistently ranks among the most ordered dishes on global food delivery platforms, competing with pizza, burgers, and noodles across continents", statement b does not best reflect the most logical and rational inference that can be drawn from the passage as **it narrowly highlights only the popularity of biryani.**
Statement c is correct. It best reflects the most logical and rational inference that can be drawn from the passage as it **highlights the main theme of the passage i.e. evolution of biryani.**
Statement d is incorrect. While the passage says the dish became "richer and more complex," but saying the technique has completely transformed is outside the scope of the passage.

Passage - 2

The importance of adopting a "waste-to-wealth" approach lies in reimagining waste as a valuable resource rather than an economic burden or environmental liability. It necessitates a rethinking of material flows within the economy, emphasizing the recovery, reuse, and reintegration of value. The circular economy has emerged as the most comprehensive and scalable framework for enhancing resource efficiency across the full lifecycle of products and processes. At its core, circularity represents a systemic transformation in production and consumption patterns, aimed at minimizing the extraction of raw materials, water, and energy while eliminating waste at every stage. This approach is guided by the principles of the six Rs-Reduce, Reuse, Recycle, Refurbish, Recover, and Repair, ensuring that materials remain in productive use for extended periods. Therefore, embracing circularity is not merely an environmental choice, but a strategic imperative for sustainable development.

Q.50) Which one of the following statements best reflects the critical message conveyed by the passage?
a) A circular approach to resource management can significantly enhance resource use efficiency.
b) Sustainable production and consumption ensure the responsible use of environmental resources.

c) In a circular economy, waste is treated as a valuable resource.
d) Adopting a waste-to-wealth approach can significantly reduce waste generation.

Ans) a
Exp) Option a is the correct answer.
Statement a is correct. It best reflects the critical message conveyed by the passage as it most comprehensively highlights how resource use could be maximized. It is mentioned in the passage as "**circularity represents a systemic transformation in production and consumption patterns, aimed at minimizing the extraction of raw materials, water, and energy while eliminating waste at every stage**."
Statement b is incorrect. Though the passage mentions that sustainable production and consumption ensure environmental sustainability, statement a does not best reflect the critical message conveyed by the passage as it is **one of the peripheral ideas rather than being the central message of the passage.**
Statement c is incorrect. The passage states that waste should be treated as a valuable resource rather than an economic burden or environmental liability. However, statement a does not best reflect the critical message conveyed by the passage as it **captures only one part of the message**.
Statement d is incorrect. Though the statement conveys one of the messages given by the passage, it is **less comprehensive than statement a.**
