Read the following passage and answer the items that follow the passage. Your answers to these items should be based on the passage only

Passage - 1

India's agricultural challenge has never been the absence of data. It has been its fragmentation across institutions, scales, and formats. The Government of India's launch of Bharat-VISTAAR (Virtually Integrated System to Access Agricultural Resources) addresses this gap. It integrates farmer identity, crop practices, and institutional knowledge into a unified system. By linking the national Agri Stack with the scientific Packages of Practices developed by the Indian Council of Agricultural Research (ICAR) and other research organisations, it moves beyond a conventional information portal. It creates a foundational system for decision-ready, climate-resilient agriculture. Bharat-VISTAAR ensures that farmers receive the right information, at the right time, and in the right form. It helps India move closer to an agricultural future where uncertainty is anticipated, support is timely, and no farmer faces climate and production risks alone.

Q.49) Which one of the following statements best reflects the central idea of the passage?
a) Simply digitizing data does not improve efficiency if the system remains isolated and lacks integration.
b) Bharat-VISTAAR is a transformative step toward bridging the gap between agricultural policy and tangible outcomes for farmers.
c) Agricultural productivity improves when findings from scientific research are translated and delivered to farmers.

परिच्छेद - 1

भारत की कृषि संबंधी चुनौती में कभी भी डेटा की कमी नहीं रही है। यह विभिन्न संस्थानों, स्तरों और प्रारूपों में इसके विखंडन की समस्या रही है। भारत सरकार द्वारा 'भारत-विस्तार' (Bharat-VISTAAR - कृषि संसाधनों तक पहुँच के लिए एक आभासी एकीकृत प्रणाली) की शुरुआत इसी कमी को दूर करती है। यह किसानों की पहचान, फसल पद्धतियों और संस्थागत ज्ञान को एक एकीकृत प्रणाली में समाहित करती है। राष्ट्रीय 'एग्री-स्टैक' को भारतीय कृषि अनुसंधान परिषद (ICAR) और अन्य अनुसंधान संगठनों द्वारा विकसित वैज्ञानिक 'अभ्यास संकुलों' से जोड़कर, यह एक पारंपरिक सूचना पोर्टल से कहीं आगे निकल जाती है। यह निर्णय-सक्षम और जलवायु-अनुकूल कृषि के लिए एक आधारभूत प्रणाली का निर्माण करती है। 'भारत-विस्तार' यह सुनिश्चित करता है कि किसानों को सही जानकारी, सही समय पर और सही रूप में प्राप्त हो। यह भारत को एक ऐसे कृषि भविष्य की ओर अग्रसर होने में सहायता करता है, जहाँ अनिश्चितताओं का पूर्वानुमान लगाया जाता है, सहायता समय पर उपलब्ध होती है, और कोई भी किसान जलवायु तथा उत्पादन संबंधी जोखिमों का सामना अकेले नहीं करता।

Q.49) निम्नलिखित में से कौन सा कथन इस परिच्छेद के मुख्य विचार को सबसे बेहतर ढंग से दर्शाता है?
a) केवल डेटा का डिजिटलीकरण कर देने मात्र से कार्यक्षमता में सुधार नहीं होता, यदि वह प्रणाली पृथक बनी रहे और उसमें एकीकरण का अभाव हो।
b) 'भारत-विस्तार' कृषि नीतियों और किसानों के लिए ठोस परिणामों के बीच की खाई को पाटने की दिशा में एक परिवर्तनकारी कदम है।
c) वैज्ञानिक अनुसंधानों से प्राप्त निष्कर्षों को किसानों तक पहुँचाने और उन्हें प्रभावी ढंग से समझाने पर कृषि उत्पादकता में सुधार होता है।

d) I, II, IV and V

Ans) a
Exp) Option a is the correct answer.
Under Article 324 of the Constitution of India, the appointment of the Chief Election Commissioner and other election commissioners is made by the President. The appointment of the Chief Election Commissioner (CEC) and other Election Commissioners (ECs) is governed by the Chief Election Commissioner and other Election Commissioners (Appointment, Conditions of Service and Term of Office) Act, 2023. This Act formalizes a three-member Selection Committee responsible for recommending names to the President. The composition of the Selection Committee is as follows:
Option I is correct: Prime Minister: Acts as the Chairperson of the Committee.
Option II is correct: Union Cabinet Minister to be nominated by the Prime Minister: The committee includes a Union Cabinet Minister nominated by the Prime Minister.

If the Leader of Opposition has not been recognized, the leader of the largest opposition party in the Lok Sabha serves as the member.

Option IV is not correct: Chief Justice of India: The Chief Justice of India is not part of the Selection Committee under the present statutory framework.

Q.3) With reference to the privileges and immunities of the President and the Governor, consider the following statements:
I. No process for the arrest or imprisonment shall be issued from any court during their term of office.
II. No criminal or civil proceedings can be instituted or continued against them in any court during their term of office.
III. They are not answerable to any court for the exercise and performance of the powers and duties of their office.
Which of the statements given above is/are correct?
a) I and II only
b) III only
c) I and III only
d) I, II and III

Ans) c
Exp) Option c is the correct answer.
Article 361 grants the President and Governors personal immunities, allowing them to perform their duties without legal harassment or interference.
Statement I is correct: **As per Article 361(3) of Indian Constitution, No process for the arrest or imprisonment of the President, or the Governor of a State, shall be issued from any court during his term of office.**
Statement II is incorrect: No criminal proceedings whatsoever can be instituted or continued against the President or a Governor in any court during their term of office. But, civil proceedings can be instituted against them during their term of office in respect of their personal acts. Such proceedings can only be started after giving two months' notice in writing.Hence, there is no absolute bar on civil proceedings.
Statement III is correct: **The President and Governors are not answerable to any court for the exercise and performance of their official powers and duties.** Since they act on the "aid and advice" of the Council of Ministers, the legal responsibility for their official acts lies with the Government (the Union or the State), not the individuals holding the office.

Q.4) Consider the following statements regarding the Union Cabinet in the Indian political system:
I. The word 'Cabinet' was inserted into Article 352 of the Indian Constitution by the 42nd Constitutional Amendment Act, 1976.
II. The decisions of the Union Cabinet are binding on the Union Council of Ministers.
III. The Union Cabinet is collectively responsible to the President for its decisions and policies.

Which of the statements given above is/are correct?
a) II only
b) III only
c) I and III only
d) I, II and III

Ans) a
Exp) Option a is the correct answer.
The Cabinet is the inner body of the Council of Ministers (CoM) and functions as the supreme decision-making authority in the Indian government.
Statement I is incorrect: While it is true that the word "**Cabinet**" was not in the original text of the Constitution, it was inserted into **Article 352** by the **44th Constitutional Amendment Act, 1978** (not the 42nd). This was done to ensure that a National Emergency could only be proclaimed on the written recommendation of the Cabinet.
Statement II is correct: The Cabinet is the **policy-formulating body** of the Central Government. It takes all major decisions concerning the internal and external security, economic matters, and legislative programs of the Union. These decisions are **binding on all ministers**, including those not in the Cabinet (Ministers of State and Deputy Ministers).
Statement III is incorrect: According to **Article 75**, the Council of Ministers (and thus the Cabinet) is **collectively responsible to the Lok Sabha** (the lower house of Parliament), not to the President. While the ministers hold office during the "pleasure of the President," their constitutional accountability is to the House of the People.

Q.5) As per the Constitution of India, a member of an All India Service can be dismissed from service without a formal enquiry in which of the following situation(s)?
I. When the dismissal is based on conduct of the person which has led to his/her conviction on a criminal charge
II. When the authority empowered to dismiss him is satisfied that, for some reason, to be recorded by that authority in writing, it is not reasonably practicable to hold such an inquiry.
III. When the President is satisfied that, in the interest of the security of the State, it is not expedient to hold such an inquiry.
Select the correct answer using the code given below:
a) I and II only
b) II and III only
c) I, II and III
d) III only

Ans) c
Exp) Option c is the correct answer.
Under **Article 311** of the Constitution, civil servants (including those in the All India Services) are provided with two main safeguards: they cannot be dismissed by an authority subordinate to the one that appointed them, and they cannot be dismissed or reduced in rank except after an inquiry where they are informed of the charges and given a reasonable opportunity to be heard. However, **Article 311(2)** provides three specific **exceptions** where a formal inquiry is not required.
Statement I is correct: An inquiry is not necessary where a person is dismissed or removed or reduced in rank on the ground of **conduct which has led to his conviction on a criminal charge**. In this case, the judicial process itself is considered sufficient protection for the principles of natural justice.
Statement II is correct: An inquiry is not required where the authority empowered to dismiss or remove a person or to reduce him in rank is satisfied that for some reason, to be **recorded by that authority in writing**, it is **not reasonably practicable to hold such inquiry**.

Statement III is correct: An inquiry can be dispensed with where the **President or the Governor**, as the case may be, is satisfied that in the **interest of the security of the State**, it is not expedient to hold such inquiry.

Q.6) Consider the following hypothetical scenario:
The President of India till today neither gave the ratification nor rejected the Indian Post Office (Amendment) Bill, 2024, which was an ordinary bill and passed by the Parliament in December 2024. The President of India in this scenario has used which one of the following veto powers?
a) Suspensive veto
b) Pocket Veto
c) Absolute Veto
d) Qualified Veto

Ans) b
Exp) Option b is the correct answer
The veto power of the President of India refers to the constitutional authority granted to the President to withhold or reject legislation passed by the Parliament or State Legislatures. This power is outlined in **Articles 111 and 201** of the Indian Constitution.
Option a is incorrect: After a bill is passed by Parliament and presented to the President, the President may either assent to it, withhold assent, or return it to Parliament for reconsideration if it is not a Money Bill. If Parliament passes the bill again, with or without amendments, the President is obliged to give assent. Hence, **returning a bill for reconsideration amounts to the exercise of a suspensive veto.**
Option b is correct: The pocket veto empowers the President **to neither ratify nor reject a bill, but simply keep it pending indefinitely.** This happens when the President takes no action on a bill presented for assent, effectively keeping it in their "pocket." Unlike the U.S. President, who must act within 10 days, the Indian President faces no such time limit, making the Indian version of this veto more extensive. The **pocket veto was notably exercised by President Zail Singh in 1986, when he chose not to act on the Indian Post Office (Amendment) Bill**, which sought to curtail press freedom. Importantly, the President cannot use any veto power against constitutional amendment bills. The **24th Constitutional Amendment Act, 1971 makes it mandatory for the President to give assent to such bills.** Thus, the pocket veto remains a significant tool, enabling the President to safeguard constitutional values and ensure that ordinary legislation aligns with the larger interests of the nation.
Option c is incorrect: Absolute Veto refers to the power of the President to withhold his assent to a bill passed by the Parliament. When the President exercises this veto, the bill ends and does not become an act. The President typically uses this veto power in two cases - (a) with respect to the private members' bills (bills introduced by members of Parliament who are not ministers), and (b) with respect to government bills when the Cabinet resigns after the passage of the bill but before the President gives assent, and the new Cabinet advises the President not to give assent to such bills. For example, in 1954, President Rajendra Prasad withheld assent to the PEPSU Appropriation Bill as the President's Rule had been revoked in the state.
Option d is incorrect: The qualified veto refers to the power of the president to reject a bill passed by the legislature, but the legislature can override this veto by passing the bill again with a higher majority. **The President of India does not possess a qualified veto power.**

Q.7) Consider the following:
I. Members of the State Public Service Commission
II. State Election Commissioner
III. State Chief Information Commissioner
IV. Advocate General of the State
Which of the above are appointed by the Governor but can be removed only by the President of India?
a) I, II and III
b) I and II only
c) II, III and IV
d) I, III and IV

Ans) b
Exp) Option b is the correct answer.
Option I is correct. Members of the State Public Service Commission are **appointed by the Governor**, but their **removal is vested in the President** under constitutional provisions (Article 317). The **president can remove** them on the same grounds and in the same manner as he can remove a chairman or a member of the UPSC.
Option II is correct. The State Election Commissioner under **Article 243K**. Is appointed by the Governor, however the Constitution provides them with security of tenure equivalent to a **Judge of a High Court**. This means the SEC cannot be removed from office except in the "like manner and on the like grounds" as a High Court Judge. Since a High Court Judge is removed only by an order of the **President** following a rigorous process in Parliament, the SEC effectively is **removed by the President of India.**
Option III is incorrect. The State Chief Information Commissioner is **appointed by the Governor**, and removal is done **by the Governor**, not the President, under the provisions of the Right to Information Act, 2005.
Option IV is incorrect. The Advocate General is **appointed by the Governor** and holds office **during the pleasure of the Governor**. It means that he can be **removed by the Governor** of the State concerned.

Q.8) In the context of Indian Polity, consider the following statements:
Statement I: The Governor of the State is an integral part of the State Legislature.
Statement II: The Governor of the State from time to time summon or prorogue the House or each House of the Legislature of the State.
Statement III: A Bill passed by a State Legislature becomes law only after the Governor gives his/her assent.
Which one of the following is correct in respect of the above statements?
a) Both Statement II and Statement III are correct and both of them explain Statement I
b) Both Statement II and Statement III are correct but only one of them explains Statement I
c) Only one of the Statements II and Statement III is correct and that explains Statement I
d) Neither Statement II nor Statement III is correct

Ans) a
Exp) Option a is the correct answer.
Article 153 states that there shall be a Governor for each state, appointed by the President of India. The Governor acts as the constitutional head of the state and represents the President at the state level.

Statement I is correct: The Governor is an essential component of the State Legislature. **As per Article 168 of the Constitution of India defines a state legislature as consisting of the Governor, the Legislative Assembly, and, where applicable, the Legislative Council.** Although the Governor is not a member of either House, they play a crucial role in the law-making process. Article 158 specifies that the Governor cannot be a member of Parliament or the State Legislature.

Statement II is correct and explains Statement I: As per Article 174 of the Constitution of India, the Governor shall from time to time summon the House or each House of the Legislature of the State to meet at such time and place as he thinks fit, but six months shall not intervene between its last sitting in one session and the date appointed for its first sitting in the next session. **Also he/she prorogues the House or either House.** S/he also can dissolve the Legislative Assembly.

Statement III is correct and explains Statement I: The Governor is an integral part of the State Legislature, as any bill passed by the State Legislature requires his/her assent to become law. Article 200 prescribes the procedure for giving assent.

Q.9) In the context of the constitution of India, consider the following statements:
Statement I: The supreme command of the Defence Forces of the Union is vested in the President of India.
Statement II: When the security of India is threatened by war or external aggression, the President can proclaim an emergency under Article 352 with respect to the whole of India.
Which one of the following is correct in respect of the above statements?
a) Both Statement I and Statement II are correct and Statement II explains Statement I
b) Both Statement I and Statement II are correct but Statement II does not explain Statement I
c) Statement I is correct but Statement II is not correct
d) Statement I is not correct but Statement II is correct

Ans) b
Exp) Option b is the correct answer.
Statement I is correct: According to **Article 53(2)** of the Constitution of India, **the supreme command of the Defence Forces of the Union shall be vested in the President.** He/She appoints their Chiefs. The country declares war in his/her name. He/She can declare a state of Emergency on the recommendation of the Council of Ministers after satisfying himself that the country's security or financial stability is in danger.
Statement II is correct but does not explain Statement I: Under **Article 352, the President can proclaim an Emergency** when the security of India or a part of it is threatened by war, external aggression, or armed rebellion. The Emergency can be in respect of the whole of India or of such part of the territory thereof as may be specified in the Proclamation
However,there is no link between emergency powers and command of the defense forces of the President. The command of defence forces rests with the President may be because a non partisan civilian control over the defence forces was seen as a necessity by our founding fathers. The term "defence forces of the Union" is also not defined in the Constitution. This suggests that the **President became the Supreme Commander not by deliberate design, but largely due to the framers following British precedent.**

Q.10) Which of the following statements is **incorrect** about the Ramon Magsaysay Awards?
a) The award is given in recognition of selfless service and contribution to public good to the people of Asia.
b) The award is open to both individuals as well as organisations.
c) It is conferred annually in Manila, Philippines.
d) Pratham, one of the largest non-governmental organisations in India in the field of education, has won the award in 2025.

Ans) d
Exp) Option d is the correct answer.
The Ramon Magsaysay Award was established in 1957 to honour the legacy of Ramon Magsaysay, the seventh President of the Philippines, who is remembered for his integrity and leadership. It is widely regarded as Asia's highest honour and is often called the "Asian Nobel Prize".
Statement a is correct: The objective of the Ramon Magsaysay Award is to celebrate greatness of spirit and transformative leadership in Asia**. Nominees are evaluated based on their exceptional work, selfless service, and contributions to the public good from many different Asian countries.**
Statement b is correct: It honors individuals and organisations for selfless service and contributions to the public good, irrespective of race, creed, gender, or nationality.
Statement c is correct: The Ramon Magsaysay Award is conferred annually on August 31, the birth anniversary of Ramon Magsaysay**, in Manila, Philippines.** Each awardee is presented with a medallion, a certificate, and a cash prize in recognition of their outstanding contributions to society.
Statement d is incorrect: Several Indians have received the Ramon Magsaysay Award, including notable personalities like Verghese Kurien, M.S. Subbulakshmi, Kiran Bedi, Aruna Roy, and Bezwada Wilson., among others. **In 2025, Educate Girls (not the Pratham NGO) became the first Indian organization to receive the award, marking a significant milestone in India's contributions to social transformation.**

Q.11) Consider the following statements:
1. The Executive Power of the Union of India is vested in the Prime Minister.
2. The Prime Minister is the ex Officio Chairman of the Civil Services Board.
Which of the statements given above is/are correct?
a) 1 only
b) 2 only
c) Both 1 and 2
d) Neither 1 nor 2

Ans) d
Exp) Option d is the correct answer.
Statement 1 is *incorrect*. All executive actions of the Government of India are formally taken in the name of the President of India. He can make rules specifying the manner in which the orders and other instruments made and executed in his name shall be authenticated. He also can make rules for more convenient transaction of business of the Union government, and for allocation of said business among the ministers.
Thus, **the executive power of the Union of India is not vested in the Prime Minister, but in the President.**

Statement 2 is *incorrect*. Cabinet secretary (not Prime Minister) is the ex-officio chairman of the Civil Services Board. The Cabinet Secretariat functions directly under the Prime Minister. The administrative head of the Secretariat is the Cabinet Secretary who is also the ex-officio Chairman of the Civil Services Board. The business allocated to Cabinet Secretariat under Government of India (Allocation of Business) Rules, 1961 includes (i) Secretarial assistance to the Cabinet and Cabinet Committees; and (ii) Rules of Business.

Q.12) Consider the following constitutional authorities in India:
I. Chief Justice of India
II. Attorney General of India
III. Comptroller and Auditor General (CAG)
IV. Chief Election Commissioner (CEC) of India
V. Chairman of Union Public Service Commission (UPSC)
Which of the above shall be ineligible for further office/employment either under the Government of India or under the Government of any State after they complete their tenure?
a) I, III and IV only
b) III and V only
c) III, IV and V only
d) I and II only

Ans) b
Exp) Option b is the correct answer.
Option I is incorrect. The Chief Justice of India is **not barred** from further employment under the government after retirement. In practice, retired judges (including CJIs) have been appointed to positions such as commissions, tribunals, or as governors.
Option II is incorrect. The Attorney General of India is also **not restricted** from further employment. Also, the Attorney General is not a full-time counsel for the Government. He does not fall in the category of government servants. Further, he is not debarred from private legal practice even during the tenure as Attorney General.
Option III is correct. Comptroller and Auditor General is not eligible for further office, either under the Government of India or of any state, after he ceases to hold his office.
As per Article 148(4) of the Indian Constitution, the Comptroller and Auditor-General shall not be eligible for further office either under the Government of India or under the Government of any State after he has ceased to hold his office.
Option IV is incorrect. The **Chief Election Commissioner** and other Election Commissioners are not eligible for re-appointment. But the Constitution or the CEC and other EC Act 2023 does not explicitly prohibit the CEC from holding **further offic**e, either under the Government of India or of any state. Thus, they can hold further office under the government of the union or the state.
Option V is correct: The Chairman of the Union Public Service Commission shall be ineligible for further office/employment either under the Government of India or under the Government of any State.
As per Article 319(a) of the Constitution of India, the Chairman of the Union Public Service Commission shall be ineligible for further employment either under the Government of India or under the Government of a State.

Q.14) With reference to the National Commission for Scheduled Castes (NCSC), consider the following statements:
I. A separate NCSC came into existence through the 89th Constitutional Amendment Act of 2003.
II. Administrative expenses of the Commission are charged on the Consolidated Fund of India.
III. The Union and every State Government shall consult the Commission on all major policy matters affecting the Scheduled Castes and the Anglo-Indian community.
Which of the statements given above is/are correct?
a) I and III only
b) I only
c) II and III only
d) I, II and III

Ans) a
Exp) Option a is the correct answer.
The National Commission for Scheduled Castes is a constitutional body established to safeguard the interests of Scheduled Castes.
Statement I is correct. The **89th Constitutional Amendment Act, 2003** bifurcated the earlier combined National Commission for SCs and STs into two separate bodies, namely **National Commission for Scheduled Castes and National Commission for Scheduled Tribes**. The separate National Commission for Scheduled Castes formally came into existence in **2004** as a consequence of this amendment.

Statement II is incorrect. The expenses of the National Commission for Scheduled Castes are **not charged on the Consolidated Fund of India**. Unlike certain constitutional authorities such as the CAG or UPSC, its expenses are subject to the normal parliamentary appropriation process.

Statement III is correct. As per Article 338(9) of the Constitution of India, the Union and every State Government shall consult the Commission on all major policy matters affecting the Scheduled Castes. Further Article 338(10) says the scheduled castes will include references to Anglo-Indian community.

II. Jharkhand
III. Bihar
IV. Madhya Pradesh
V. Odisha
How many of the above States are constitutionally obligated to appoint a Minister in charge of tribal welfare?
a) Only two
b) Only three
c) Only four
d) All the five

Ans) c
Exp) Option c is the correct answer.
Under Article 164(1) of the Constitution of India, it is a mandatory requirement to have a Minister in charge of tribal welfare in four states **(Chhattisgarh, Jharkhand, Madhya Pradesh, Odisha). Bihar was originally included in this list, but it was removed by the 94th Amendment Act of 2006.** This was because, after the creation of Jharkhand, the tribal population remaining in Bihar was no longer considered large enough to require a constitutionally mandated minister.

Q.24) Consider the following statements regarding the National Consumer Disputes Redressal Commission (NCDRC):
I. It is a non-statutory body created through an executive resolution.
I. It can entertain original complaints where the value of the goods or services paid as consideration exceeds rupees two crores.
II. It possesses appellate and revisionary jurisdiction over the orders passed by the State Consumer Disputes Redressal Commission.
Which of the statements given above is/are correct?
a) I and II only
b) II and III only
c) III only
d) I, II and III

Ans) b
Exp) Option b is the correct answer.
Statement I is incorrect: The National Consumer Disputes Redressal Commission (NCDRC) is a quasi-judicial commission in India which was set up in 1988 under the Consumer Protection Act of 1986. Thus, it is a **statutory body**.

Statement II is correct. As per the Consumer Protection Act, 2019, in value terms the original jurisdiction was increased to more than 10 crore i.e. for National Commission had jurisdiction to entertain complaints where value of goods or services paid as consideration exceeds 10 crore rupees.

But because of increased workload and pendency of cases before the District Commissions, the Government notified the new rules in 2021. As per the Consumer Protection (Jurisdiction of the District Commission, the State Commission and the National Commission) Rules, 2021, the new pecuniary jurisdiction, subject to other provisions of the Act, shall be as under:

1. District Commissions shall have jurisdiction to entertain complaints where value of the goods or services paid as consideration does not exceed 50 lakh rupees.

Q.25) Consider the following statements about the Self-Respect Movement:

I. It was founded by E.V. Ramasamy 'Periyar' in Tamil Nadu.

II. Its primary objective was to secure government employment and legislative representation exclusively for non-Brahmin communities.

Which of the statements given above is/are correct?

a) I only

b) II only

c) Both I and II

d) Neither I nor II

Ans) a

Exp) Option a is the correct answer.

Statement I is correct: The **Self-Respect Movement was launched in 1925 in Tamil Nadu by E.V. Ramasamy 'Periyar'.** Periyar later founded the **Dravidar Kazhagam** and published the **Tamil weekly Kudi Arasu**. He was influenced by reformers like Jyotirao Phule and B.R. Ambedkar, and participated in the Vaikom Satyagraha against untouchability.

Statement II is incorrect: The **movement did not aim primarily to secure government jobs or legislative representation for non-Brahmins**.

Instead, its **objectives were social rather than political**, focusing on:

- **Eradicating the caste system** and **challenging Brahminical dominance**
- Promoting rationalism, equality, and individual dignity
- Advancing **women's rights** and the upliftment of marginalized communities

These aims were articulated in publications such as Namathu Kurikkol and Tiravitak Kalaka Lateiyam.

In contrast, the **Justice Party** established by **C. N. Mudaliar, T. M. Nair, and P. Tyagaraja** in 1916, primarily focused on **securing jobs in the colonial administration** and **seats in the legislative councils for non-Brahmin communities.**

Knowledge Base:

Additional Key Features of the Self-Respect Movement

1. Self-Respect Marriages: Introduced priest-less, non-ritualistic weddings, later given legal recognition.

2. Social Reform Measures: Opposed the Devadasi system, caste discrimination, and restrictions on widow remarriage.

3. Women's Leadership

- Leaders such as **Annai Meenambal** and **Veeramal** played major roles.
- **Meenambal gave E.V. Ramasamy the title 'Periyar'**, and was addressed as "my sister Meena" by B.R. Ambedkar.

4. Organisational Efforts: The Self-Respect Conference held at Chengalpattu in 1929, led by W.P.A. Soundara Pandian, strengthened the movement.

In how many of the above rows is the information correctly matched?

a) Only one

b) Only two

c) Only three

d) All the four

Ans) a

Exp) Option a is the correct answer.

Row I is correct: Telecom Regulatory Authority of India (TRAI): The Telecom Regulatory Authority of India (TRAI) is a statutory body established by the Telecom Regulatory Authority of India (TRAI) Act, 1997. It regulates telecom services, including tariffs and competition.

Q.27) In the context of Indian Polity, consider the following statements:
Statement I: The pardoning power of the President is wider than the pardoning power of the Governor.
Statement II: The President can grant a pardon in cases of court-martial, whereas the Governor does not have this power.
Statement III: The pardoning power of the President is outside the judicial review, whereas the Governor's pardoning power can be subjected to limited judicial review.
Which one of the following is correct in respect of the above statements?
a) Both Statement II and Statement III are correct and both of them explain Statement I
b) Both Statement II and Statement III are correct but only one of them explains Statement I
c) Only one of Statement II and Statement III is correct and that explains Statement I
d) Neither Statement II nor Statement III is correct

Ans) c
Exp) Option c is the correct answer.
Statement I is correct: The pardoning power of the President is indeed wider than that of the Governor. This flows from Articles **72** and **161** of the Constitution.
Statement II is correct and explains statement I: The **President has the power to grant pardon in cases of court-martial, whereas the Governor does not possess such authority**. This clearly demonstrates a specific area in which the President's pardoning power is wider than that of the Governor.
Statement III is incorrect: The Supreme Court in the Maru Ram v. Union of India (1980) **case held that the President's power under Article 72 is subject to judicial review.** Further, in Shatrughan Chauhan v. Union of India (2014), the court ruled that this power is not absolute. Judicial review can **be exercised to ensure that the power is not used arbitrarily, or in bad faith, or based on extraneous considerations. There are specific criteria for judicial review of the pardoning power of the President thus there is limited judicial review.**
Similarly, in the case of **the Governor's pardoning power also comes under limited judicial review.**

Q.28) With reference to the Comptroller and Auditor General (CAG) of India, consider the following statements:
I. His/her salary and other conditions of service are determined by Parliament.
II. S/he controls the issue and receipt of money from the Consolidated Fund of India.
III. The reports of the CAG relating to the accounts of the Union are submitted to the President.
Which of the statements given above is/are correct?
a) I and II only
b) III only
c) I and III only
d) I, II and III

Ans) c
Exp) Option c is the correct answer.

The Constitution of India (Article 148) provides for an independent office of the Comptroller and Auditor General of India (CAG). He is the guardian of the public purse and controls the entire financial system of the country at both the levels the Centre and the state

Statement I is correct. As per Article 148(3) of the Indian Constitution, the **salary and other conditions of service of the CAG are determined by Parliament**. This is a constitutional safeguard to ensure independence, and the salary is equated to that of a Supreme Court judge.

Statement II is incorrect. The Constitution of India visualises the CAG to be the Comptroller as well as the Auditor General. However, in practice, the CAG is fulfilling the role of an Auditor General only. **S/he has no control over the issue of money from the Consolidated Fund of India.**

In this way, the CAG of India differs from the CAG of Britain, which has powers of both Comptroller as well as Auditor General. That is in Britain, the executive can draw money from the public exchequer only with the approval of CAG.

Statement III is correct. As per Article 151 of the Indian Constitution, the reports of the Comptroller and Auditor General of India relating to the accounts of the Union shall be submitted to the President, who shall cause them to be laid before each House of Parliament.

While the reports of the Comptroller and Auditor-General of India relating to the accounts of a State shall be submitted to the Governor of the State, who shall cause them to be laid before the Legislature of the State.

Q.34) In the context of the Constitution of India, consider the following statements about the Prime Minister of India:
I. The resignation by the Prime Minister automatically dissolves the Council of Ministers.
II. S/he makes rules for the convenient transaction of government business and its allocation among Ministers.
III. It shall be the duty of the Prime Minister to communicate to the President all decisions of the Council of Ministers relating to the administration of the affairs of the Union.
Which of the statements given above is/are correct?
a) I and III only
b) III only
c) I only
d) I, II and III

Ans) a

Exp) Option a is the correct answer.

In the Indian parliamentary system, the **Prime Minister is the real executive head**, and the Council of Ministers functions under his leadership. The constitutional provisions relating to his powers and duties are primarily contained in **Articles 74, 75, 77, and 78**.

Statement I is correct: The Prime Minister can bring about the collapse of the Council of Ministers by resigning from office. This is because the Prime Minister is the **head of the Council of Ministers**, and the entire ministry is structurally dependent on his leadership. Thus, on the death or resignation
of the Prime Minister, the entire Council of Ministers stands dissolved.

Under **Article 75(1)**, the ministers are appointed by the President **on the advice of the Prime Minister**. This implies that the composition of the Council of Ministers is fundamentally determined by the Prime Minister. Therefore, when the Prime Minister resigns or dies, the basis on which the Council was constituted ceases to exist.

Statement II is incorrect: As per **Article 77(3)**, the power to make rules for the more convenient transaction of government business and its allocation among ministers is formally vested in the **President**. Although these rules are made on the advice of the Prime Minister in practice, constitutionally this function is not exercised by the Prime Minister.

Statement III is correct: Under **Article 78(a)**, it is the duty of the Prime Minister to communicate to the President all decisions of the Council of Ministers relating to the administration of Union affairs. The Prime Minister thus acts as the principal channel of communication between the President and the Council.

Select the correct answer using the codes given below.
Codes:
a) 1 and 2 only
b) 1, 2 and 3
c) 2 and 3 only
d) Only 1

Ans) a

Exp) Option a is the correct answer.

Statement 1 is correct: According to **Article 153 of the Constitution of India**, there can be a **common Governor for two or more states**. This provision allows for the appointment of a Governor who can act as the Governor of multiple states.

Q.42) With reference to the constitutional position of the President of India, which of the following Constitutional Amendment Acts made the advice of the Council of Ministers binding on the President?

a) 42nd Constitutional Amendment Act, 1976

b) 44th Constitutional Amendment Act, 1978

c) 38th Constitutional Amendment Act, 1975

d) 52nd Constitutional Amendment Act, 1985

Ans) a

Exp) Option a is the correct answer.

The Constitution originally stated under **Article 74(1)** that there shall be a **Council of Ministers to aid and advise the President**, but it did not clearly specify whether the President was bound to follow that advice. This created some ambiguity in the early years.

The **42nd Constitutional Amendment Act, 1976** removed this ambiguity. It explicitly made the **advice of the Council of Ministers binding on the President**. After this amendment, the President could no longer act independently in such matters and had to act according to ministerial advice.

Later, the **44th Constitutional Amendment Act, 1978** refined this position. It allowed the President to **once return the advice for reconsideration**. However, after reconsideration, the President is **bound to accept the advice**. Thus, the binding nature introduced by the 42nd Amendment was retained, but with a limited safeguard.

Knowledge Base:

- The **38th Constitutional Amendment Act, 1975** dealt mainly with making the satisfaction of the President in certain matters (like Emergency) final and beyond judicial review.
- The **52nd Constitutional Amendment Act, 1985** introduced the **Anti-Defection Law.**

Q.43) With reference to the Finance Commission under Article 280 of the Constitution of India, which of the following statements are correct?

I. The Finance Commission is constituted by the President at an interval of every five years or earlier if deemed necessary.

II. The Constitution specifies that the Chairman of the Finance Commission must be a person having experience in public affairs.

III. The Finance Commission recommends the distribution of net proceeds of taxes between the Union and the States.
IV. The Finance Commission also suggests measures to augment the Consolidated Fund of States to support Panchayats and Municipalities.
Select the correct answer using the code given below.
a) I and III only
b) I, II and IV
c) I, III and IV
d) II, III and IV

Ans) c
Exp) Option c is the correct answer.
The Finance Commission is a vital constitutional mechanism to manage financial relations between the Union and the States. It operates under **Article 280**, which lays down its composition, appointment, and core functions. While the Constitution provides a **broad framework**, many operational details are left to Parliament.
Statement I is correct. Article 280(1) clearly states that the **President shall constitute a Finance Commission every five years**. It also gives flexibility by allowing the constitution **earlier than five years** if needed. This ensures periodic financial review along with responsiveness to changing fiscal situations.
Statement II is incorrect. The Constitution does **not prescribe any specific qualifications** such as "experience in public affairs." Instead, under **Article 280(2)**, it clearly provides that **Parliament may determine the qualifications**. The criterion regarding experience in public affairs comes from the **Finance Commission (Miscellaneous Provisions) Act, 1951**, not from the Constitution.
Statement III is correct. Under **Article 280(3)a)**, one of the primary duties of the Finance Commission is to recommend the **distribution of net proceeds of taxes between the Union and the States**. This is the core function and forms the basis of fiscal federalism in India.
Statement IV is correct. After the **73rd and 74th Constitutional Amendments**, additional responsibilities were added. Under **Article 280(3)(bb) and c)**, the Commission recommends measures to **augment the Consolidated Fund of States** to support **Panchayats and Municipalities**.

Q.44) Consider the following statements with reference to the manner of election of the President in India:
Statement I: Amongst the states, the value of the vote of an elected member of the Legislative Assembly of Uttar Pradesh is the highest.
Statement II: Uttar Pradesh has the highest number of Legislative assembly constituencies.
Which one of the following is correct in respect of the above statements?
a) Both Statement I and Statement II are correct and Statement II explains Statement I
b) Both Statement I and Statement II are correct but Statement II does not explain Statement I
c) Statement I is correct but Statement II is not correct
d) Statement I is not correct but Statement II is correct

Ans) b
Exp) Option b is the correct answer.
The **electoral college** which elects the President through the system of proportional representation **comprises elected MPs and members of state legislative assemblies.** Nominated MPs, MLAs and members of legislative councils are not entitled to vote in this election.
Statement I is correct: In the Indian Presidential election, **Uttar Pradesh has the highest vote value per MLA (208).** The value of vote of each MLA varies in different states. In Uttar Pradesh, the value of vote of each MLA stands at 208,

followed by 176 in Jharkhand and Tamil Nadu. In Maharashtra, it is 175. In Sikkim, the value of vote per MLA is seven, while it is nine in Nagaland and eight in Mizoram.

Statement II is correct but does not explain Statement I: Uttar Pradesh has the highest number of legislative constituencies, with 403 members in its Legislative Assembly. However, the value of vote of each MLA depends on the ratio of the State's population and the number of MLAs in its legislative Assembly. **UP's high vote value comes from its enormous population-to-MLA ratio, not from having more MLAs.**

Q.45) Which of the following Indian leaders became the first Indian President of the Central Legislative Assembly under British rule in 1925?
a) Vithalbhai Patel
b) Rajendra Prasad
c) Motilal Nehru
d) Chittaranjan Das

Ans) a
Exp) Option a is the correct answer.
Vithalbhai Patel made history on 22 August 1925 by **becoming the first Indian to be elected President (Speaker) of the Central Legislative Assembly,** which was the supreme legislative body under British rule.

- He had earlier served in the Bombay Legislative Council (1912) and the Imperial Legislative Council (1918).
- He **served two terms** and introduced key parliamentary reforms, such as transferring **Parliament's security ('watch and ward') system** directly under the Speaker's control,a practice that continued for nearly a century until the CISF took over in 2024.
- He also established an **independent Parliament Secretariat**, making it answerable only to the President of the Assembly.

Q.46) What is the sum of all digits that appear in all the integers from 100 to 200 in which no digit is repeated?
a) 776
b) 882
c) 1000
d) 1224

Ans) a
Exp) Option a is the correct answer.
From **100 to 199**, total sum of digits is:
Hundreds place = **100 × 1 = 100**
Tens place + units place = **10 × 45 + 10 × 45 = 900**
So unrestricted total = **1000**
Now subtract numbers with repeated digits:
Type 1: 100, 111, 122, ..., 199
Digit-sum total = **10 + 90 = 100**
Type 2: 110, 112, ..., 119 (excluding 111)
Digit-sum total = **18 + 44 = 62**
Type 3: 101, 121, ..., 191 (excluding 111)
Digit-sum total = **18 + 44 = 62**
Excluded total = **100 + 62 + 62 = 224**
Required sum = **1000 − 224 = 776**

Q.47) A vault contains 12 ruby gems, 18 sapphire gems, 25 emerald gems, 32 topaz gems, 40 amethyst gems, and 48 diamond gems. Consider the following statements:
I. The smallest number n such that any n gems drawn from the vault randomly must contain at least 20 gems of the same type is 115.
II. The smallest number m such that any m gems drawn from the vault randomly must contain at least 3 gems of each type is 166.
Which of the above statements is/are correct?
a) I only
b) II only
c) Both I and II
d) Neither I nor II

Ans) b
Exp) Option b is the correct answer.
Statement I is incorrect: To avoid getting **20 gems of the same type**, take all gems from categories having fewer than 20 gems and at most **19** from each remaining category.
So maximum unsuccessful draws = **12 + 18 + 19 + 19 + 19 + 19 = 106**
Hence the **107th** draw guarantees **20 gems of one type**.
So **n = 107**, not **115**.
Statement II is correct: To avoid having **at least 3 gems of each type**, keep one type at only **2 gems** and take all gems from the other five types.
To maximize this, keep the smallest type short:
2 + 18 + 25 + 32 + 40 + 48 = 165
So **165** draws may still fail, but the **166th** draw must complete **3 gems of each type**.
So **m = 166**.

Q.48) If 'WOLF' is written as 'GNRA', then how is 'GAMBLE' written?
a) HCPFQK
b) HOEPDJ

c) FNEQFM
d) FMDPEL

Ans) c
Exp) Option c is the correct answer.
Write **WOLF** in reverse order: **FLOW**.
Now increase the letters successively by **+1, +2, +3, +4**:
F → G, L → N, O → R, W → A
So **WOLF → GNRA**.
Apply the same rule to **GAMBLE**:
Reverse it: **ELBMAG**
Now shift by **+1, +2, +3, +4, +5, +6**:
E → F, L → N, B → E, M → Q, A → F, G → M
So the code is:
FNEQFM

Directions for the following 2 (two) items:
Read the following passage and answer the items that follow the passage. Your answers to these items should be based on the passage only

Passage - 1

India's agricultural challenge has never been the absence of data. It has been its fragmentation across institutions, scales, and formats. The Government of India's launch of Bharat-VISTAAR (Virtually Integrated System to Access Agricultural Resources) addresses this gap. It integrates farmer identity, crop practices, and institutional knowledge into a unified system. By linking the national Agri Stack with the scientific Packages of Practices developed by the Indian Council of Agricultural Research (ICAR) and other research organisations, it moves beyond a conventional information portal. It creates a foundational system for decision-ready, climate-resilient agriculture. Bharat-VISTAAR ensures that farmers receive the right information, at the right time, and in the right form. It helps India move closer to an agricultural future where uncertainty is anticipated, support is timely, and no farmer faces climate and production risks alone.

Q.49) Which one of the following statements best reflects the central idea of the passage?
a) Simply digitizing data does not improve efficiency if the system remains isolated and lacks integration.
b) Bharat-VISTAAR is a transformative step toward bridging the gap between agricultural policy and tangible outcomes for farmers.
c) Agricultural productivity improves when findings from scientific research are translated and delivered to farmers.
d) Farmers must be safeguarded against emerging risks arising from climate related threats.

Ans) b
Exp) Option b is the correct answer.
Statement a is incorrect. While the passage states that Bharat-VISTAAR is more than a "conventional information portal", statement a does not best reflect the central idea of the passage as it **does not highlight the role of Bharat-VISTAAR in India's agricultural landscape.**
Statement b is correct. It best reflects the central idea of the passage as it highlights the **transformative role of Bharat-VISTAAR in India's agricultural landscape.** It is mentioned in the passage as "It (Bharat-VISTAAR) integrates farmer identity, crop practices, and institutional knowledge into a unified system." "It creates a foundational system for decision-ready, climate-resilient agriculture. Bharat-VISTAAR ensures that farmers receive the right information, at the right time, and in the right form."

Statement c is incorrect. While this is highlighted in the passage, does not best reflect the central idea of the passage as statement c **explains only one of the benefits of Bharat-VISTAAR.**
Statement d is incorrect. Though the passage highlights that Bharat-VISTAAR would help in making agriculture more climate resilient, statement d does not best reflect the central idea of the passage as it is **one of the peripheral ideas of the passage rather than being the central idea.**

Q.50) With reference to the above passage, the following assumptions have been made:
I. The launch of Bharat-VISTAAR marks an important step toward harmonization of agricultural data systems.
II. The effectiveness of agricultural policy has been limited due to fragmented agricultural data.
Which of the assumptions is/are valid?
a) I only
b) II only
c) Both I and II
d) Neither I nor II

Ans) c
Exp) Option c is the correct answer.
Statement I is correct. The passage states "**It (Bharat-VISTAAR) integrates farmer identity, crop practices, and institutional knowledge into a unified system.**" Thus, we can conclude that the assumption is correct.
Statement II is correct. The passage states "**India's agricultural challenge has never been the absence of data. It has been its fragmentation across institutions, scales, and formats**." Thus, we can conclude that the assumption is correct.
